Getting There.

Follow signs to **TOWN CENTRE**, we are in between the 2 car parks, and easy to find.

WINCANTON IS JUST OFF THE A303 IN THE COUNTY OF SOMERSET

It is well signposted from every direction.

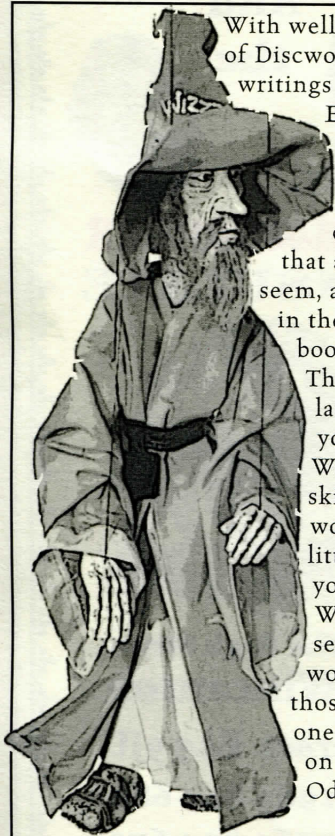

There are: Free Car parks, good pubs for food, real ales and local ciders.

There is a good variety of local accommodation.

B & B's that are inexpensive and offer the traditional Somerset Hospitality of a warm welcome, comfortable beds and a huge breakfast.

Hotels, Pubs, and Hostelryes, from the sublime to the delightfully eccentric. Camp sites, Caravan Parks, really very nice locals who are mostly harmless,

and the only Discworld Centre in any known universe.

With well over 30 million readers of Discworld books worldwide the writings of one, Terry Pratchett Esq, seem to reach parts that most authors only dream about.

His books are very special, well written, plots that are never what they first seem, and characters that live in the mind long after the book has been put down.

They usually make you laugh, they always make you think.

We try to emulate his skills as a writer in our work as sculptors creating little bits of Discworld that you can touch.

We are always happy to see fellow devotees of the words, and happy to help those who have never tried one of the books start out on their own Discworld Odyssey.

The Cunning
Artificers
Annual
**HOGSWATCH
CELEBRATION**
6th and 7th
December 2003

We host two **DISCWORLD** Events a year. One in the Spring, normally May, and one before Christmas. Terry and several hundred fans take part, and there is feasting, games, and other rather silly activities that go to make up a pure Discworld Occasion. It costs nothing to attend, is splendid for adults & children alike, and has become a favourite excursion for a weekends entertainment.
